JOURNAL

OF THE

FIFTY-FOURTH ANNUAL CONVOCATION

The Fifty-fourth Annual Convocation of the Protestant Episcopal Church in the Missionary District of Arizona opened with a Special Convocation Service at 8:00 p. m., February 11, 1947, in Trinity Cathedral, Phoenix, the Right Reverend Arthur B. Kinsolving, 2nd., D.D., Bishop of the District, presiding. At this service Bishop Kinsolving delivered his annual address and charge. The Institution of Lay Readers, with the awarding of their certificates, was conducted by Bishop Kinsolving. The Offertory was for the Church School by Mail, Deaconess Mary Frances Ward, Director. Participating in the Service were the Cathedral Clergy.

February 12, 1947

At 7:30 a. m. there was a Celebration of the Holy Communion at which the Bishop of the District was the Celebrant.

BUSINESS SESSION

At 9:00 a. m. Convocation was called to order by the Bishop. Following devotions the Secretary certified to the Bishop the presence of a quorum. By unanimous consent the roll-call was dispensed with. The Bishop declared Convocation duly convened.

The Rev. Canon Charles A. Dowdell was re-elected Secretary. He appointed the Rev. Morton T. Kelsey as his assistant. This appointment was confirmed by Convocation.

The following report of the Committee on Reorganization of Convocation was adopted and its accompanying Enabling Resolutions passed.

REPORT OF THE COMMITTEE ON REORGANIZATION OF CONVOCATION

The Committee submits the proposed reorganization of Convocation without additional explanation, due to the fact that this Convocation, on the recommendation of the Clergy Conference, is functioning on the basis of its preliminary report.

Secretary of Convocation

1. It shall be the duty of the Secretary of Convocation, at least 30 days before the convening of the same, to request from each department of the Executive Council and standing committees of the District a written copy of their reports together with such resolutions as they propose to present to Convocation for action.

a. The Secretary, after consultation with the Bishop, may send a copy of the more important of these resolutions to the clergy and delegates to Convocation for their consideration.

b. He shall submit all of these resolutions to the Committee on Resolutions in order that they may prepare an adequate time table for Convocation activities as outlined in these proposed suggestions.

2. The Secretary, furthermore, shall be charged with the carrying out of all pre-Convocation activities as outlined in these proposed suggestions.

Committee on Nominations

1. The Committee on Nominations, 30 days before Convocation, shall send out to each parish and mission a list of all elective offices to be voted upon.

a. It shall request nominations for the same.

b. It shall have such nominations returned 10 days before Convocation.

c. By the time of Convocation, all such nominations shall be prepared upon a printed or mimeographed ballot in sufficient quantities for at least two ballots by the members of Convocation.

d. It shall make clear in its statement to the parishes and missions the wisdom of such a printed ballot, and pre-Convocation nominations. It shall also make clear that additional nominations can be made from the floor of Convocation.

Committee on Resolutions

1. The Committee on Resolutions shall, upon receiving all resolutions from the Secretary of Convocation, report such resolutions for action by Convocation at the appointed time.

2. They shall inform the Committee on the Dispatch of Business of the number of such resolutions in order that adequate time may be provided in the business session of Convocation for adequate discussion and action on all resolutions.

3. The Committee on Resolutions shall refer all resolutions requesting funds to the Finance Committee for its consideration in presenting the budget for the ensuing year. This shall be done previous to the meeting of Convocation.

The Bishop

1. The Bishop shall announce the time of Convocation as determined in accordance with Canon I of the Missionary District of Arizona at least 60 days before convening of the same, and shall notify the Secretary, the Committee on Nominations, and the Committee on Dispatch of Business of the determined date and the statement of their duties as herein outlined.

2. The meeting of the Executive Council of the District shall be optional. It shall be subject to call by the Bishop or by any four members of the same requesting such a meeting of the Executive Council.

3. The number of outside speakers to Convocation shall, ordinarily, be limited to one. If an outside speaker is present, he shall confine his address to the joint session of Convocation and the Woman's Auxiliary, unless extraordinary circumstances demand this procedure be altered.

4. If any department or committee is prepared to present to this joint session a specialized program pertinent to the work of the District, such program, subject to the Bishop's consent, shall be given preference to an outside speaker.

   a. It is suggested by the Bishop that he contact the departments and committees of the District previous to Convocation as to whether there is such a program available. The decision as to the substitution shall be his.

Convocation

1. The Committee on Reorganization of Convocation shall present the following resolution: "That it shall be the practice of Convocation, as far as conditions permit, to meet at the Cathedral on alternate years, and accept invitations from other parishes or missions in the odd years."

2. This resolution shall also be introduced to Convocation: "That it be the consensus of Convocation, if the added expense is not too excessive, that the Journal of Convocation be printed, rather than mimeographed."

3. This resolution shall also be introduced to Convocation: "That Convocation shall be held regularly in February, the exact date to be determined by the Bishop, with due regard to the Lenten season or other factors that may exist in the District from time to time."

4. This resolution shall also be introduced to Convocation; "That all reports from departments, standing committees, and institutions shall be presented to Convocation by title only and printed in the Journal, with the following provision—that if any report contains resolutions, the clarification of which resolutions is dependent upon the subject matter in said report, then this report shall be submitted in full. However, this resolution shall not apply to special committees whose activities are the result of a specific resolution by Convocation."

COMMITTEE ON CONVOCATION

1. The Committee on Reorganization of Convocation shall request its report as the first order of business.

a. Should such organization be accepted, this committee shall be combined and function as the Committee on Dispatch of Business, and shall carry over as all other committee appointments through the next Convocation. It shall be their duty, therefore, to organize the order of business for the succeeding Convocation.

2. They shall, therefore, as the Committee on the Dispatch of Business, present at each successive Convocation the specified order of business.

a. It shall be the duty of the Bishop, the Secretary of Convocation, and the Committee on Nominations to present to this Committee all of this above proposed pre-Convocation work at least five days before the meeting of Convocation.

b. This will allow for erecting an order of business with due allowance for the particular and special actions necessary by each Convocation.

GEORGE FERGUSON, *Chairman*

The Bishop announced his appointment of the following Committees to serve through the next Convocation: Credentials; Time and Place of Next Convocation; State of the Church and Bishop's Address; Canons; Nominations; Resolutions; Dispatch of Business. (For personnel, see Directory).

Reports from the following Officers and Boards were called for: Secretary (read); Treasurer (received by title); Chancellor (read); Executive Secretary (read); Board of Directors of the Protestant Episcopal Church Corporation of Arizona (received by title); Council of Advice (no meetings were held during the year).

Reports from the Departments of the Executive Council were called for:

General and District Missions (received by title); Christian Education (received by title); College Work (received by title); Youth (received by title with the exception of the following resolution which was introduced at this time):

"Resolved that each Parish undertake to send FOUR young persons to the Y.P. Conference to be held in Prescott on the dates of June 16-23. Should any one of the Parishes fail to send at least four young persons to the Conference

then the Parish should feel responsible for paying the tuition and registration fees of as many as may be missing in its quota of four. The same to be applied to the Organized Missions; the quota for the latter being two young persons per Mission.

This resolution was not carried; whereupon the Ven. J. R. Jenkins presented the following resolution which was carried:

Resolved that the Chair appoint a committee consisting of the Rev. Messrs. Gregori, Nickle, and Mr. Scott Appleby to draw up another resolution in regard to the resolution presented by the Committee on Youth to report at the present Convocation.

Filing of reports continued with the report from the Department of Christian Social Relations (received by title); Promotion (received by title with the exception of two recommendations which were read); Publicity (received by title with the exception of the recommendations which were read and discussed). The following resolution was then introduced and carried:

Resolved that Convocation express its hearty appreciation to the Rev. John Atkinson for his splendid leadership and guidance in editing and preparing the Arizona Church Record during a very difficult period. Due to his efforts and capacity, the publication can be considered an integral part of the promotion of our Church's life and work.

The Chairman of the Finance Department then presented the following report which was adopted:

At a meeting of the Department of Finance held February 11, 1947, the following motions were unanimously adopted:

1. That the Quota of $8,800.00 and the Budget of $6,085.00 for the calendar year 1947 be recommended to the Convocation for acceptance.
2. Recommend to Convocation that the Quota and Assessment be on the basis of the calendar year beginning January 1, payable in monthly installments.
3. That the balance in the fund allotted the Secretary of Convocation for the calendar year 1946 be utilized by him for the purchase of necessary office equipment.

The Committee on Credentials reported them to be in order; whereupon the Chair called for the distribution of ballots as prepared by the Committee on Nominations.

Further nominations were elicited from the floor. Upon motion nominations were closed. The Chair appointed the Committee on Nominations to serve as tellers. The first ballot was taken followed by a recess. Convocation reconvened fifteen minutes later.

The Chair called for reports from Standing Committees as follows: Reconstruction and Advance (received by title); Church School by Mail (received by title); Committee on Canons presenting the following:

The Committee on Canons submits the following changes in the Canons of the District:

1. Resolved that the following be substituted for Section 4, Canon I:

"Every clergyman canonically connected with the District, or having canonical work in the District, residing within the same, and in good standing, shall have a seat and vote in Convocation; and every clergyman canonically connected with the District, but not having clerical work in the District, recognized by the Bishop, or the recipient of the Church Pension Fund by reason of retirement or disability, shall have a seat and voice in Convocation without vote."

This resolution was passed.

2. Resolved that the following be substituted for Section 7, Canon XV:

"The Executive Council shall meet at such times as it, with the Bishop's concurrence, shall appoint, and at such other times as he shall convene it, or at such other times as requested by four members."

2. Any five members of said Board shall constitute a quorum.

3. Said Board shall meet when requested to do so by the Bishop and consider and make recommendation to the Bishop on any matter he may elect to submit to it for its consideration and recommendation regarding marriage and marital relations.

This Canon was approved.

4. Resolved that Canon XVI be renumbered as XVII. This resolution was passed.

The Board of Examining Chaplains, the Ecclesiastical Court, and the Committee on Holy Matrimony, reported that no meetings of these bodies had been held during the year.

Walter Whichard at the Joint Session with the Woman's Auxiliary).

The reports of the Registrar and the Historiographer were received by title.

The Special Committee on Youth Work reported that Trinity Cathedral Junior Vestry had undertaken to guarantee twenty-five registrations for the Summer Conference. Other registrations were offered from the floor of Convocation; whereupon fifty-one registrations in all were received.

This resolution was passed.

C. The Committee on Forward-In-Service and Reconstruction and Advance submitted the following resolution:

That the Committee on Forward-In-Service be discharged and not continued until such time as a need for the revival of its work is deemed necessary.

This resolution was passed.

D. The Committee on College Work submitted the following resolutions:

These resolutions were passed seriatim.

The Bishop's appointment of Mr. L. A. Kehr as Executive Secretary was confirmed by Convocation. The Bishop then announced his appointments to the following: Council of Advice; Chairmen of Departments of Executive Council;

Appointive members of the Departments; Examining Chaplains; Ecclesiastical Court; Church School by Mail; Radio; Special Committee Presiding Bishop's Fund for World Relief; also the following officers: Chancellor; Registrar; Historiographer. (For personnel, see Directory)

>
> 2. The Rev. Arnold M. Lewis, Executive Director of the Presiding Bishop's Committee on Laymen's Work, delivered a stirring address on that subject. Following this address Convocation and the Woman's Auxiliary convened separately.

The Committee on Time and Place of the next Convocation reported that it had received an invitation from St. Philip's In The Hills, Tucson. It was voted to accept this invitation and to hold the Fifty-fifth Annual Convocation February 3rd and 4th, 1948.

There being no further business, Convocation was adjourned with the Bishop's blessing at 3:55 p. m.

III. Indian Missions

The Good Shepherd Mission, under the consecrated leadership of the Rev. David W. Clark, Superintendent, has had one of the most constructive years in its life of fifty years. We know this Institution has had a history which, to say the least, has been vivid. In spite of war-time discouragement and changing circumstances, the staff has gone forward with indomitable will. The budget has been balanced with a slight overplus; the response to the nation-wide appeal has been surprisingly generous; the Orphan's Summer Home has been successfully administered; and in addition to these encouraging factors the Congregation of the Chapel of the Good Shepherd has been organized, has repaired the Chapel and completely remodeled and painted the interior. In addition to which, the Congregation made a splendid sacrificial contribution to the Reconstruction & Advance Fund. Finally, we are happy to announce that the full complement of United Thank Offering workers is now facing fearlessly that great field where fifty-five thousand Navajo need to know Christ.

The work in the beautiful Havasupai Canyon has definitely progressed, although not half as fast as we would like it to. It is hoped that Mr. Jim Crook is with us tonight. The visitation to the Canyon portrayed in LIFE MAGAZINE last summer was not only a set of pictures. It was no small embarrassment that the emphasis was put on the *Bishop* on this visit, but that seems to be the demand for worldly publicity. Fortunately, there is a book in Heaven where celestial justice records the names of those who deserve the real credit. Archdeacon Jenkins has visited in this field over a period of twenty-two years. Evangelization began eight years ago. The

Rev. Mr. Pedersen made many visits down this Canyon and to those of the tribe who were working at the Grand Canyon village. Let us place credit where credit is due. We have about fifty baptized members in the tribe, who are no more and hardly less active than other baptized members of the Episcopal Church with no ministrations or regular Services. No less than twelve members of this family of Indians were presented for Confirmation, including the grand old chieftian, whose aged and ailing wife has since been baptized by the Archdeacon. The romance of this beautiful setting should not dazzle us from the obligation to really do something of a permanent and constructive nature among these people. The Bureau of Indian Affairs in Washington has given us the right-of-way among these two hundred people. It is felt that we should hold this commission only while able to do something, or turn it over to others. Mr. Jim Crook accepts a very small salary as Lay Evangelist in that area, when he might make far larger wages if he left the tribe and gave his services elsewhere. We need a parish house building of our own for religious Services and for a residence for a social worker. There are many things that could be done. May God grant us the means and wisdom to do them.

IV. Mexican Missions

For the last year, the Rev. Jose Gregori has been carrying the leadership in both these Mexican-American Missions in Phoenix. Repeated efforts have been made to find a clergyman who would fill the vacancy at Buen Samaritano. But it is not easy to find a Spanish-speaking priest who would meet the very specialized requirements of such a position. Mr. Gregori has been ably and generously aided in this work by a special committee of laymen who have raised funds to extend the work and hold up the hands of the Minister-in-Charge. The property has been repaired and funds have been promised from the National Church Building Fund for the improvement of the rectory. One of the most important features of the past year has been the moving of the Madison Street Settlement Playground equipment to Golden Gate, which is immediately adjacent to the Chapel of Buen Samaritano, and on property held by the Church. This enterprise is supported by the Community Chest and will benefit the entire Mexican-American population of that area. The Madison Street Settlement property is still held by the Church and will be rented at the earliest possible opportunity.

V. Arizona Church Conference Center

Our Conference Grounds outside of Prescott, Arizona, continue to be useful during the summer months for the religious people of

several denominations. During the fall months a meeting was called of the Board of Governors of the Association, all of whom showed amusing surprise that they were members. Several former members of the Association have resigned from the Board and new appointments have been made for the ensuing year. We record with deep sorrow the death of Mr. Howard Cornick, who served on this Board. It is a matter of deep gratification to all concerned that through the expert and energetic management of Mr. L. A. Kehr, the Conference conducted by our Church not only balanced its account, but was able to pay back to the organization the debt incurred the previous summer. The summer residence of the Bishop has been rented during the winter months and the rental returned to maintenance.

It has been necessary to raise the rentals for the use of the property, due to the increased cost of the present time. Our brethren of other denominations have been informed and every week is engaged for the coming summer. It is earnestly hoped that the clergy will make every effort to interest their young people of high school age in the Young People's Conference, which cannot be conducted unless at least fifty young people are registered by the first of May. The Committee in charge of our own Conferences are making every effort to plan a most instructive and inspiring program, not only for the young people, but for the subsequent Family Conference. The dates are: Young People, June 16-23; Family, June 23 to July 4.

VI. Arizona Health League

St. Luke's-in-the-Desert, Tucson, is our convalescent Rest Home for pulmonary illness. There are thirty-one beds, and at the present time these are filled and there is a waiting list for this institution. Through the generous leadership of Mr. Scott B. Appleby, a member of the Board, an Endowment Fund to take care of needy patients has been started with a gift of $5,000. His action was soon followed by the Board of Visitors of Tucson, which group of ladies turned over an accumulated fund of $10,000 to the treasurer of this institution to endow the expenses of the needy sick in this institution. The Board has met regularly during the past year, revised the By-Laws and taken many forward steps in rendering the administration of the institution more cooperative and efficient. The continued energy and generosity of the ladies who form the Board of Visitors is a much appreciated share in maintaining the institution. Mr. Herman Rasche continues to be the Superintendent, and the Rev. Charles E. Huntington as Chap-

lain of the institution and also Mrs. Huntington, minister to all concerned, both in the Chapel and in the life of those who are sick throughout the community.

St. Luke's Sanatorium in Phoenix has benefited by the splendid and remarkable leadership of Mr. Carroll Phelps, a former patient of this hospital. Aided by a Board which has met regularly and worked hard at times, and by the generous response of citizens, both in Phoenix and elsewhere, the institution continues its remarkable recovery from the discouragement of war-time depression. It can best be pictured in contrast. Some fourteen months ago there were only eight patients, and some thought that it might be necessary to close St. Luke's as an institution. Today there are fifty-five patients, under the care of a consecrated and efficient Staff, and, greatest of all, a community consciousness and knowledge of the institution and of the great scourge it is seeking to meet. The Board of Health tells us that Maricopa County faces the desperate need of 800 beds for tubercular care. Including this Sanatorium, there are less than 200 beds in the County, and this situation prevails throughout the State.

VII. Arizona Church Record

Our District Church paper has made a definite advance in its format under the editorship of the Rev. John Atkinson of Nogales, Arizona. We hope it has reached your people. This is only possible if you continue to send us the correct addresses of your people and the changes therein with vigilant regularity. Publication is never easy. The cost of printing has almost doubled. It has been necessary for the editor to have the printing done in Phoenix. He has been advised from Tucson, and of course his source of material is from the whole District and Church. This is the one clergyman who volunteered to serve in this capacity a year and a half ago. We are indebted to him and understand his urging that this periodical be edited from the City of Phoenix. This we hope to do. We also insist on publishing within the cost appropriated by the District. Therefore, it will only be possible to edit three issues a year, beginning with the pre-Convocation number in February, a post-Easter and pre-Summer Conference number sometime at the end of May, and post-Summer pre-Advent number sometime towards the end of October. It is believed that this periodical can widen its field of interest to bring to the District many stimulating activities of the national and world-wide Church.

VIII. Episcopal Student Center

The University of Arizona has a large number of Episcopal students from all over the State, as well as the Nation. There is no more strategic place for religious work, nor more difficult work, than on the college campus. Some of the greatest religious movements in Christian history have started in universities. Unfortunately, the Episcopal Church has the least advanced program of any of the larger denominations. There have been some major discouragements, but a courageous committee during the summer asked the Rev. Walter Whichard, Assistant at St. Philip's Church, Tucson, to undertake the part-time work as Chaplain of Episcopal Students, in charge of the Student Center. The Rector and Vestry of St. Philip's Church generously offered to rent the necessary residence near the campus and to continue to care for the salary of Mr. Whichard. The Board of the Episcopal Student Center confirmed this action taken by individual members in the summer, but properly insisted on sharing one-half of the rent of an attractive residence where meetings can be held, and one-half of the salary of the above mentioned clergyman. The Rev. Mr. Whichard will address the Joint Session of the Convocation on this subject, and therefore this report should not trespass on his subject. But it is hoped that the District realizes the need for developing an increasing interest and support of this work, which must of necessity be a missionary one. We have every hope that a full-time, full-paid clergyman may be the Chaplain on the Campus for our Church the next academic year, beginning next September.

IX. Financial Observations

In its support of the Reconstruction and Advance Fund the District can take great pride. There remain two outstanding pledges, which have been promised in the near future, to close the books on this Missionary offering. As approved in the last Convocation, the Revolving Fund has evolved into the District Loan Fund and it is functioning as such.

The Finance Committee will submit recommendations involving the Assessment and Quota and these recommendations will help, we believe, to stabilize and make more efficient the fiscal practices of the District. Since the Convocation is to meet annually in February, the fiscal year of the District should be from March 1st to March 1st. Your action will be requested in making the action of this Convocation with regard to Assessment and Budget retroactive for the months of January and February, 1947.

Finally, from available reports that have reached the District Offices, the Every Member Canvass conducted last fall has been carried out in almost every congregation and everywhere conducted with splendid results. First of all, we should congratulate several congregations who have held their own in the face of circumstances that have depleted the resources of the whole community. Parishes where the mining output has been reduced, the whole economy of the community deserve every credit for their steadfast devotion to holding the line for the Church. The Every Member Canvass has been held and *everyone* has helped to share the responsibility. The large majority of parishes and missions have expanded and advanced. They have accepted the Quota and Assessment, suggested before the canvass last fall. May we mention a few especially encouraging accomplishments.

First of all, with regard to the salaries of the missionary clergy of the District, it is believed that every one has received an increase of $400 for the year 1947. This is little enough to meet the increased cost of living. It was made possible by the generous response of contributors to an appeal made by the Bishop for $1,000, and the willingness of most congregations to raise $25.00 more a month.

We point with pride to the fact that St. Paul's Church, Yuma, and Epiphany Church, Flagstaff, are now completely self-supporting.

This report would not be complete without reference to the accomplishments of the Cathedral Congregation. All of us share the memory of their double tragedy. And now we rejoice in the combined leadership of the Dean, the Very Rev. James W. F. Carman, his Assistant, the Rev. Morton T. Kelsey, the Vestry and an Every Member Canvass Committee that has produced results that are really stupendous. Before the Canvass a sincere parishioner interviewed the Bishop as to the sanity of the new Dean because of the objectives he set before his Congregation. Suffice it to say, the parishioner left the conference also doubting the sanity of the Bishop because he agreed with the Dean's objectives. These dizzy objectives have been more than obtained. The mailing list of the Cathedral increased by six hundred names. The pledges increased by three hundred and fifty or more individual pledges, baptismal and confirmation candidates were listed score upon score. Having walked twice through the Valley of the Shadow of Sorrow with this Congregation, it is a deep personal pleasure to share in congratulating the Dean, Staff and Congregation for their gallant efforts.

And finally, as a climax to the District good news, it is a high privilege to welcome the newly created parish of St. Paul's Church, Winslow, into the parochial status that they have won. There can be no greater satisfaction than to see a congregation of people battle through their vicissitudes and struggles of existence and finally win through to self-sustaining and healthful existence to add to the list of parishes in this Missionary field, where parishes are so desperately needed. It is hoped that the new Rector and the representatives of this new parish will take back the affectionate good wishes and cordial welcome of the Convocation. It is a privilege to look forward to the Institution Service of the new Rector on the twenty-third of this month.

X. The Church School by Mail

This enterprise, under the gallant direction of Deaconess Mary Frances Ward, should have the enthusiastic backing of every one in the District. It can reach the most remote and isolated families. It will be introduced by the Chairman, the Rev. Bancroft P. Smith, as the Special Offering of this Service.

XI. The New Marriage Canon

The General Convention passed a new Marriage Canon which is, of course, not perfect but gives some latitude of interpretation in order that justice can be tempered with mercy and the catastrophe of divorce with Christian forgiveness. After several discussions with the Chancellor of the District, it has been decided to appoint a Marriage Relations Committee of nine members, to be the subject of a new District Canon. It is hoped that every clergyman has received the recent literature forwarded on this subject. It is a composite analysis of opinions and studies on the subject of the new Canon and its implications. The clergy are earnestly urged to study the new Canon, these interpretations, and thereby be ready for applications that may come to them for marriage in this Church. It is evident that such a study will enable you to help those who have a right to consideration under this Canon and will avoid great loss of time and energy in dealing with those who do not. There is still the great emphasis on instruction as to Christian marriage, in the hope that the greatest care will be exerted before people are married in order to prevent the increasingly desperate number of divorces that occur in American life. Christian marriage is still meant to be a lifelong union. Any divorce is considered by this Church to be a moral calamity. There is no subject that deserves more earnest consideration.

XII. The Presiding Bishop

The General Convention gave us a new Presiding Bishop, the Right Reverend Henry Knox Sherrill. He succeeded the saintly Bishop Henry St. George Tucker, sometime missionary to Japan, College President, Seminary Professor, Bishop of Virginia, military interpreter and superb exemplar of Apostolic simplicity. We bid farewell to Bishop Tucker with deep gratitude for his leadership in the field of universal Christian relationships. We can be no less grateful for the gifts that will be given to the leadership of this Church in the former Bishop of Massachusetts. Born in Brooklyn, educated at Yale University, he spent his entire Ministry in the Diocese of Massachusetts, including the Rectorship of the great pulpit once occupied by Phillips Brooks. There is no important office in the House of Bishops that he has not held, nor any forward-looking movement that he has not supported. Only recently his experience as head of the Army and Navy Chaplains' Commission has taken him by air all over the world. It is hoped that resolutions will be introduced at this Convocation expressing the welcome of this Convocation and placing this District squarely behind our new leader.

And this must be more than just a resolution. It is going to hurt a little bit, because this man has the courage to begin his career with an appeal which is not going to be easy to make. There are nineteen Protestant Communions, whose representatives have returned from Europe with a tale of distress and suffering which staggers the imagination. These nineteen Communions have pledged twelve million dollars a year, for three years, to the suffering neighbors of the second World War. The General Convention, having just finished the arduous campaign of Reconstruction and Advance, debated this subject lengthily and with no little opposition. It is not going to be popular. But when several visitors to Europe brought some measure of the tragedy to the General Convention, against the votes of many bishops, it was passed. We have given liberally; we have our own problems in the District; but the share of the Episcopal Church will be one million dollars a year. Our share will be between $3,500 and $4,000. The Promotion Department has sent a film on this subject, which will be shown you at the luncheon hour tomorrow. As Christians we cannot ignore this much suffering in the world, which has suffered so much more from war than we have. We might ask some day, "When saw we Thee an hungered and gave Thee no meat?" And the answer would be an apocalyptic embarrassment to every one of us: "Inasmuch as ye gave not unto the least of these my brethren, ye gave not unto Me."

XIII. Laymen's Year

In emphasizing this coming twelve months as a laymen's year, it is essential to explain that this in no sense forgets the splendid work that is now being continued by the Woman's Auxiliary. Under the leadership of Mrs. Sam Morris of Globe, who is probably at this moment flying back to try and attend this Convocation, we cherish the work of the laywomen of the District. Their President is also on the Council of Advice of the National Woman's Auxiliary of our Church. It is because they are already organized that so many in the Church feel that the clergy and the ladies can take over the whole destiny of God's work. Now this is a democratic Church. There is a place in its government for the representation of the laity. It must have the laymen's support and effort.

It is with a feeling of penitence that this emphasis has been made. We feel that the laymen of this District have a tremendous potential power, as they have in other areas of the Church, and they await the leadership that will implement that power. To emphasize this we have brought our Layreaders to this Service of Convocation to give them their commissions, although they date from the first of the year. To do this we have asked one of the busiest members of the National Council Staff of the Church, the Rev. Arnold Lewis, to this Convocation. With great generosity he changed a busy schedule to be with us. He is the Executive Director of the Presiding Bishop's Committee on Laymen's Work. Many of us were thrilled with the report of the lay President of this organization, Mr. Harvey Firestone, a well-known busy industrialist in these difficult times, who nevertheless could come to the General Convention and give his inspiring message to both the House of Bishops and the House of Deputies, of which he was a member.

May we say that evidence of laymen's work has already been manifested in your response to the special work and increase requested through the Every Member Canvass. Don't forget the Every Member Canvass is a layman's job. We look forward to the address of the Rev. Mr. Lewis at the Joint Session tomorrow afternoon, to tell us what other laymen are doing in the Church and to show where the clergy and laymen can cooperate with our consecrated women to march forward together with a new cadence of efficient and devoted cooperation.

XIV. The Future

Some of you may remember in the Bishop's Address of last

year references to our dream of independence and diocesan status. We were going to reduce the appropriation of the National Council by 10 per cent by taking over expenses of about $4,000. We first deferred this action for Reconstruction and Advance, for which we make no apology. We now have to defer this action because, in spite of great disappointment, it is not just and fair to reduce the appropriation from the National Council until the Missionary clergy are given a living wage to avoid the necessity of extra employment. The amount that the missionary clergy salaries have been increased in this District would have balanced this objective. But, again, we make no apology for changing our plans. I still believe in consecrated devotion to this dream of future independence. Ways and means are still obviously, first, the increase of membership in our Church; second, effective Every Member Canvasses each fall to give every person a chance to share and to attend divine worship every Sunday; third, more parishes self-supporting and able to help; fourth, a division of the Quota for Missions, one part to give to the National Council and the other part to be increased each year to reduce the amount the National Council appropriates to this District; fifth and last, we should begin a systematic movement for endowment for the missionary district.

In closing, let us keep our vision high to the Divine Source of strength, Whose real Presence is promised to the smallest human assembly where two or three are gathered together. *Amen.*

CONVOCATION HOSPITALITY

At 6 o'clock on the evening of the 11th the clergy and their wives were guests of Bishop and Mrs. Kinsolving at a buffet supper at the Bishop's House. Those in attendance at the Celebration of the Holy Communion on the morning of the 12th were breakfast guests of the Woman's Auxiliary of St. Andrew's, Phoenix, in the Bishop Atwood House. Delegates to Convocation and the Woman's Auxiliary were guests of the Auxiliary Guild of Trinity Cathedral at luncheon on the 12th. Upon adjournment the delegates of both bodies were tea guests of Bishop and Mrs. Kinsolving at the Bishop's House.

REPORT OF THE DEPARTMENT OF MISSIONS

Your Department of Missions begs leave to report that during the past year it was the privilege of one of its members to be present when the officers of the various departments of the Church from headquarters in New York came to the Pacific Coast, meeting in San Francisco in April. He sat in the departmental meeting for missions under the Chairmanship of the Rev. George Wieland.

The conclusion of the discussions follow:

1. That constant surveys of the missions in Diocese or District be made in order to determine plans for the future. This is done in business organizations.

2. That static parishes must be challenged with withdrawal of funds unless effort is made to become increasingly self-supporting.

3. That mission points should be reduced annually in appropriations to encourage self support.

To your Committee these recommendations seem reasonable, and they are placed before the Bishop of this District and his Council of Advice for consideration.

We believe that a delegate or delegates should be appointed to the Rural Conference of the Province next summer so that we can share with it our problems and successes in Arizona.

To foster interest in missions we urge a Church School essay competition each Lent on some missionary topic.

It is most gratifying to know that our Bishop desires to increase the salaries of the mission clergy of this District to match the increase in living costs.

Respectfully submitted,

DAVID CHURCHMAN TRIMBLE, *Chairman*

REPORT OF THE DEPARTMENT OF CHRISTIAN EDUCATION

The Department of Christian Education begs to submit the following report:

1. The Department plans the formation of a Curriculum Committee of competent educators which shall study available Church School lesson materials in order that it may recommend a suggested curriculum for use in this District. Adequate funds shall be sought for its work.

2. Under the Department a Visual Aids Committee has been formed that current visual aids materials may be studied, a listing of materials already on hand in this District be compiled, and a film library of visual aids materials be established with funds appropriated for this purpose.

3. The Department recommends a survey of each parish and mission by a visiting clergyman, who shall meet with organization leaders to study the educational work done by the same in order that plans may be drawn up for more effective work in education to be done in each place so visited.

4. Recognizing that the Church School By Mail is doing an outstanding work in the Christian education of children and families outside the present parish and mission fields in the District this Department urges that every possible support be given this work.

5. The Department again asks that each parish and mission give support to the work made possible through the Birthday Thank Offering program.

6. The Department asks for $150 with which to carry on its work in 1947. Of this, $75 is to be a non-recurring item to make possible the work of the proposed Curriculum Committee, and $50 towards the establishment of the Visual Aids Library.

Respectfully submitted,

BANCROFT P. SMITH, *Chairman*

REPORT OF DEPARTMENT ON COLLEGE WORK

The Department on College Work begs to submit the following report:

Our Church is engaged in college work at Flagstaff, Tempe, and Tucson. The work in Flagstaff, in spite of the difficulty of

CHURCH DIVINITY SCHOOL of the Pacific LIBRARY

distance from the campus, is showing continual progress under the guidance of the Reverend George E. Gooderham.

The work at Tempe, under the Reverend David Jones of Mesa, is also making the best of attendant difficulties and showing results more than commensurate in the face of the accelerated program that is in effect there.

The Reverend Mr. Gooderham and the Reverend Mr. Jones have the grateful thanks of this committee for the splendid results they have achieved and their perseverance in a difficult and extra curricular aspect of their parish work.

Our student work at the University of Arizona is of a somewhat different nature. Here we are faced with the direct impact of the challenge of youth to our church. There are more than four hundred and fifty Episcopal students registered at the University. This represents a very sizable parish in any diocese of our church. It requires the time of a priest exclusively devoted to this one field.

At the present time, we are conducting what might be termed a holding operation at the University of Arizona. For a number of years we have been beholden to the generosity of Mrs. Fred McCormick and her magazine "Letter" for much of our student work. Not only has she given freely of her time—been instrumental in setting up a board of directors to guide this work—but has also provided accommodations to house our activity since its inception. Circumstances have made it impossible for Mrs. McCormick to provide us student center quarters any longer. We are more than grateful for her generosity during these years and feel that her contribution has been beyond and above that of any one individual, and there is no way in which we can adequately express our gratitude for her generosity.

To meet this situation at the University of Arizona this autumn a temporary expedient was happily worked out. Saint Philip's In The Hills Church released the Reverend Walter Whichard to serve as student chaplain on a half-time basis. A small house was secured for Mr. Whichard adjacent to the campus. His work has been to direct the Canterbury Club and in increasing amount his time is consumed with personal interviews, arranging programs, bringing the influence of our church into the varied religious activities of the campus, and instructing our church students in the Church's way of life.

All of the churches in Tucson have united in aiding Mr. Whichard in the work. They not only provide the hospitality of their churches and parish houses, but are responsible for the

regular suppers for the Sunday evening meetings of the Canterbury Club.

Excellent as all of this is, and the response has been so satisfactory that it is generally conceded that our student organization shows greater vitality than any other on the campus, we must realize that this is a temporary solution.

The work at the University of Arizona demands a full-time student chaplain. It can achieve its desired results only by being detached from the work of the Tucson parishes. A student chaplain in a student center must be realized as soon as possible. The results of this temporary arrangement point conclusively to the above convictions of your committee. Students will not wait forever for the fulfillment of promises of something better. Every other large denomination has a clergyman on the campus devoted to full-time student work. We cannot promise forever, as we have been doing in the past six years, and hope that youth is going to wait for us. If the church in Arizona misses this opportunity, she will have no one to whom she can point the finger of guilt except to her own indifference in the face of the greatest challenge of our church in Arizona today. Student work is not a nice thing that should be done. It is a must with all the compulsion of finding the necessary means whereby it shall be done and now. The parishes in Tucson should not be asked to carry on this work alone. It is a matter of grave concern for the entire District. It is of small moment to harp on the indifference and irresponsibility of young men and women to the church if the church in Arizona continues to remain indifferent to her greatest opportunity.

We are submitting a number of resolutions. We hope they will not "Rest in Peace" in that graveyard preserved for noble ideas which no one intends to do anything about, namely, The Journal of Convocation. If they do, with them will lie buried forever the opportunity for meeting a challenge upon the meeting of which the Christian leaders of a future generation depends.

GEORGE FERGUSON, *Chairman*

REPORT FROM THE DEPARTMENT OF YOUTH

The Department of Youth of the Missionary District of Arizona would like to present the following report of its work during the past year to the Fifty-fourth Convocation of the District:

This Department, with the cooperation of the Department of Christian Education, made all the necessary preparations for a

separate Young People's Summer Conference, which Conference was later on cancelled for lack of sufficient number of registrations. On a later date the young people had their Summer Conference concurrently with the Adult Conference, with the Rev. Mr. David Jones as the Dean for Young People. Although this set-up is not considered the best for a Young People's Conference, we may be forced to accept it as the only one possible for 1947, unless enough registrations are sent in advance of the first day of May, 1947, for the Y.P. Conference.

This Department would like to offer the following suggestion to the members of this Convocation: That each Parish undertake to send FOUR young persons to the Y.P. Conference to be held in Prescott on the dates of June 16-23. Should any one of the Parishes fail to send at least four young persons to the Conference, then the Parish should feel responsible for paying the tuition and registration fees of as many as may be missing in its quota of four. The same to be applied to the organized Missions; the quota for the latter being TWO young persons per Mission. If this plan is accepted by the Convocation and followed by the Parishes and Missions of the District, the separate conference for the Young People could go on financially, regardless of the numbers registered in advance.

Through the kindness and generosity of our Bishop, the Missionary District of Arizona was represented at the First General Convention at the Young People of the Church, last September in Philadelphia, during the time of our Church's General Convention. Our representatives were: Miss Carolyn Casey, from Trinity Cathedral; Mr. James Barka from St. Paul's Mission, who had an important part in the Convention due to his membership on the Resolutions Committee; and the Rev. Joseph Gregori, as an adult Adviser to the Convention.

The Department would like to point with pride to the achievement in the Youth Movement of the Church, of Mr. James Barka, who served last year as a member of the National Youth Commission, while serving at the same time as President of our District Young People's Fellowship, and was elected to serve as a member of the Youth Commission for the Eighth Province during the year 1946-'47.

Our orchids to St. Mark's Young People's Fellowship, Mesa, to their Vicar, the Rev. David Jones, and to all of those who contributed to make our Young People's Fall Convention for 1946 a magnificent success.

The Chairman of this Department would like to call the Bishop's attention to the possible advisability of rotating the Chairmanship among the members of the Department. This recommendation is made after having been privileged to serve for FOUR consecutive terms as Chairman.

Respectfully submitted,

JOSEPH GREGORI, *Chairman.*

REPORT OF THE DEPARTMENT OF CHRISTIAN SOCIAL RELATIONS

The Christian Social Relations Department recommends to each priest, vestry, and Bishop's Committee, the careful study of the report of the Christian Social Relations Commission to General Convention under the able leadership of Bishop Scarlett, and the adaptation in each parish and mission of all parts of the program that are pertinent to the local situation.

Specifically your chairman recommends to each priest, vestry and Bishop's committee the Penguin book: "Christianity Takes a Stand," edited by Bishop Scarlett. It was prepared at the request of the Joint Commission on Social Reconstruction.

The Witness is issuing study outlines to accompany each chapter. We suggest that each parish and mission bring this combination of book and outline into as many of your adult groups as possible during Lent or at the period of the year when such a study will be found most helpful.

Respectfully submitted,

WALTER H. DUGAN, *Chairman*

REPORT OF THE DEPARTMENT OF PROMOTION

The Department of Promotion has by various means tried to promote the many activities of the District during 1946. This department has been handicapped in its work by not having a clear definition of its duties, by having its appointed members separated by extensive distances, and by not receiving many requests from other departments or from headquarters for promoting specific interests. Moreover, the most important task of the Promotion Department, that of the Every Member Canvass, was taken over by the Bishop's Office and the distribution of the E.M.C. film was taken over by the clergy without reference to the Department of Promotion.

The Department of Promotion respectfully suggests that its duties be clearly defined, that it be encouraged to perform its duties, and that it be more adequately used by other departments.

Signed:
GEORGE E. GOODERHAM, *Chairman*
W. J. JAMIESON
E. L. DURAND

P. S.: The Chairman adds these recommendations:

1. That appointed members of the Department of Promotion be selected from men who live in the same locality so that meetings may be conveniently held.
2. That $50 be allotted the Department of Promotion for expenses during the year 1947.

REPORT OF THE DEPARTMENT OF PUBLICITY

The work of this Department is mainly concerned with the production and publication of the ARIZONA CHURCH RECORD. During the year 1946, three issues of the RECORD were published, namely, one issue in March, one in June and one in October. It had been planned to have a fourth issue, as in former years, but because of printing difficulties, this was not possible. The cost of printing the RECORD has steadily increased until at present it is approximately double of what it was a year ago. This constitutes a problem in the publication of the magazine. At different times during last year, cheaper rates were sought from other printers, but without success. Also, because of existing labor conditions, longer time is required by the printer for the doing of the work. This means that "copy" must be in his hands at least one month before publication. It has been customary for the editor to notify the clergy and others as to the final date for the receiving of material for printing. This is important and it is urged that full cooperation by all be given to this matter. Material received after the "dead-line" is hardly likely to appear in the next issue.

We believe that the present format and quality of paper used is meeting with general approval among our readers. To maintain these standards, however, in the face of increasing costs is going to mean a greatly increased expenditure, probably the highest ever paid by the District. Also, as time goes on, the parochial lists keep increasing. During last year the list increased by 200 names, at present 3,800 copies are being sent out. This, of course, increases the amount of postage. It is gratifying to note the increased number of readers and it is our earnest desire to see the number grow.

We believe, further, that the ARIZONA CHURCH RECORD is meeting a definite need in our Missionary District and even beyond the boundaries of our State. More and more it is our purpose to make the publication a definite means of keeping our people in touch with the work. Several letters of appreciation have been received and we acknowledge them with grateful thanks. Suggestions and constructive criticisms are always welcome, anything for the improvement of the RECORD or the greater usefulness of this Department.

In view of what has been stated regarding costs of operation the following recommendations are made:

1. That for the year 1947 there be three issues of the ARIZONA CHURCH RECORD, namely, one in February, just before the Annual Convocation; one issue in June, just before the Summer Conference, and a third issue in November.

2. That the amount of $650 as proposed in the District Budget for 1947 be increased to $725, in order to meet the additional costs.

3. That members of the Department of Publicity be chosen, who are centrally located and within comparative easy reach, so that meetings could be more easily arranged and attended.

4. That the work of editorship be done by someone who is nearer to Phoenix and headquarters, for the more expeditious handling of news and publication of the magazine.

In conclusion, the Department of Publicity extends its thanks to all those, clergy and others, who have regularly sent in for publication news items and articles. It has been our policy, as far as is possible, to make the RECORD an essentially ARIZONA MISSIONARY DISTRICT magazine. In every Parish and Mission there are things being done, events happening which ought to be recorded and which would make excellent news. Sometimes we hear it said that "no news is good news," but this kind of philosophy does not keep a publication going. News is desired from every Parish and Mission in the District, as well as from District Departments and organizations. Only as we get the co-operation from one and all concerned can we maintain the Record at a high standard and thus make it a matter of vital concern in our work and witness.

All of which is respectfully submitted,

J. ATKINSON, *Chairman*

REPORT OF THE COMMITTEE ON FORWARD-IN-SERVICE AND RECONSTRUCTION AND ADVANCE

The Committee begs to submit the following report:

Our activities this year have been solely concerned with the Reconstruction and Advance Campaign in the District.

The objective of the Missionary District of Arizona was $25,000. The total amount contributed to date is $22,449.55 in cash and $751.51 in definite promises for a grand total of $23,-201.06. There is every indication that the necessary subscriptions to reach our objective will be secured. The entire District is to be congratulated for this extraordinary evidence of consecrated giving.

Respectfully submitted,

GEORGE FERGUSON
Chairman

CHURCH SCHOOL BY MAIL

The Church School By Mail Committee begs to submit the following report:

1. Recognizing the possibility that not all Church School By Mail children might be able to afford attendance at Summer Camp the Department of Christian Education generously offered to provide scholarship aid. This not being needed this year the Department forwarded a sum to Deaconess Ward to augment her meager funds.

2. Deaconess Ward, Directress of Church School By Mail, reported 40 children enrolled in the Fall with a shortage of lesson materials, limiting further enrollment somewhat.

3. A Budget of $375 is adopted for 1947 of which $225 is a part-time salary for the Directress. Some income is being received from children enrolled, but since a District appropriation is not contemplated, support for Church School By Mail is sought from Church Schools in the District and from the Convocation Offering. Several Church Schools have already made generous contributions. If all follow suit, the Budget should be raised.

4. An enrollment of 80 to 100 is sought by the end of 1947. Clergymen and others are urged to advise Deaconess Ward of possible registrants. As additional funds shall be needed for increased enrollment, every parish and mission is urged to give opportunity to Church School children to support this truly missionary work.

Respectfully submitted,

BANCROFT P. SMITH, *Chairman*

REPORT ON THE COMMITTEE ON RADIO

Since the Chairman of the Radio Committee was appointed late in the season, and was not a member of the Committee, previously, this report is of necessity incomplete, and is more a matter of comment than a record of work done.

We point out first that our normal Church set-up and approach is extremely conservative and traditional in our attitudes to worship and we have hardly designed to look over the fence into the modern world. A few individuals have taken advantage of this great new medium of Radio, but officially the Church as a whole has done very little about it, while all the time deploring its inability to reach the unchurched.

Great areas of our nation's life are unreached—there are the house-bound, the isolated areas, hospitals and institutions, besides a great mass of people waiting outside the Church for the only Gospel that can serve it. If they won't come in, then we must go to them.

We suggest that the Radio is extremely powerful in three great areas:

1. Evangelism. 2. Education. 3. Worship.

Your committee urges:

1. That we explore on a District basis, the possibility of field, the amount of time available on small private stations, the men available, the variety of means that may be used to reach distinctly Mission Districts.

2. That we experiment with the use of Radio Missionaries for Evangelization in certain areas.

3. That we consider something like a Mission of the Air, with the Bishop carrying on a weekly approach to his District in this way.

4. That we secure transcriptions of short services for use in religious broadcasts when choirs are not available.

5. That we endeavor to broadcast Church School Classes of Study.

The Church will have to move into the Broadcasting field with more vision and zest. Small evangelistic sects are out to reach our own broadcasts on the ranches and farms of our State. A central organization will have to press for Radio needs. We must build up a Radio Field of Evangelism, Education and Worship, that the needs of the Kingdom may be more fully met.

All of which is respectfully submitted,

E. O. GALLAGHER, *Chairman*

REPORT OF THE COMMITTEE ON CLERGY PLACEMENT

Your Committee on Clergy Placement is glad to report that partially through its efforts a resolution recommending certain changes in the Canons of the General Church relative to placement was passed at the General Convention of the Church last September by the House of Deputies, only to be tabled by the House of Bishops because of the brevity of time before the close of the Convention. This was unfortunate as the majority of Bishops, in answers to a questionnaire sent out by your Committee, were in favor of this change.

The resolution, first passed by the Synod of the Eighth Province meeting in Berkeley last May, provided for a recommended canonical change whereby it would be required for clergy to remain subject to placement by their ordaining Bishops for the period of three years beyond their diaconate. Such a change would make more stable residency in mission points, thereby increasing their strength. It would also tend to eliminate vacant, small parishes.

The results of this questionnaire on clergy placement were sent to all delegates of both Houses of General Convention last summer. The results were first published in the "Living Church" last June.

Respectfully submitted,

DAVID CHURCHMAN TRIMBLE, *Chairman*

REPORT OF THE CHAPLAIN OF ST. LUKE'S IN THE DESERT

I herewith submit my eighteenth annual report as Chaplain of St. Luke's in the Desert and Pastor to the Health Seekers of Pima County.

During the year 1946, I have celebrated the Holy Communion 206 times, administered five baptisms, solemnized six weddings, conducted nine funerals, made 2512 calls exclusive of daily visits to patients and conducted the usual services at St. Luke's in the Desert.

At Cabot Chapel I have celebrated the Holy Communion eleven times.

At St. Andrew's, Tucson, I have celebrated the Holy Communion once.

At Grace Church I have celebrated the Holy Communion once, and assisted at one celebration of the Holy Communion.

At St. Andrew's, Nogales, I celebrated the Holy Communion four times, preached four sermons and solemnized two weddings.

At the Summer School in Prescott, I celebrated the Holy Communion once and assisted at two celebrations of the Holy Communion.

I have conducted the usual services at St. Luke's in the Desert on Sundays, Tuesdays and Thursdays. While these services are intended primarily for those resident on the grounds, persons who are unable to attend services in any of the parish Churches are welcome.

My work has been along the same lines as in previous years, ministering to the boys of St. Luke's in the Desert, to those who live in Pima County but no longer live at the Sanatorium and to the sick and lonely people, regardless of creed or lack of creed, wherever I am welcome.

It has been a great joy to carry the Altar flowers of St. Philip's in the Hills to the sick each week, and I want to express my appreciation to the rector who for years has given me this privilege.

It has been a pleasure as well as a happy duty to continue to be the channel through which the Church ministers, not only to the souls of men, but to their bodies as well, and to let the sick and lonely away from home and friends know that the Church is still interested in them and has sent a man to take the place of their local pastor while they are seeking health in Arizona.

Faithfully,

C. E. HUNTINGTON, *Chaplain*

THE REPORT OF GOOD SHEPHERD MISSION HOME FOR THE YEAR 1946

In 1946 Good Shepherd Mission Home operated as a year-round home center for 35 Navajo children for whom the Church has been the guardian since they were babies. These boys and girls are now between the ages of 7 and 21.

For eight months of the year 1946 these children were in government and mission boarding schools; during these months the Mission staff carried along all paternal relationships for each one. Close personal contacts were kept up by letters and by visits home at intervals during the school year; 23 of the younger children came home several times each week from the near-by Fort Defiance

Boarding School. Clothing for all of these children was supplied by the Mission.

For the four months of summer vacation, 28 children returned to the Mission, five took jobs for all summer, two enlisted in the Army; 14 additional children were placed under the care of Good Shepherd Mission Home for the summer vacation by the social worker of the Navajo Indian Service. These were children desperately needing temporary care. Good Shepherd Mission Home is the only institution in the Navajo Country available during the summer months for the care of orphan and neglected children. In the summer of 1946 the Navajo Indian Service paid Good Shepherd Mission for the care of these children on the same basis that the United States Indian Service pays all other boarding homes—$25 per month per child.

Two of our girls who graduated from high school and who worked during the summer, entered nurses' training in the fall. One of them received a $200 scholarship from the Indian Committee of the Daughters of the American Revolution.

It is difficult to recruit a staff of trained workers for four months. Members of the Convocation of the District of Arizona are asked to make this need known to persons who might be interested to serve on the summer staff. College students served most acceptably in 1946.

The care of these children was made possible by generous special gifts of individuals and groups. It has been noted that gifts from the Missionary District of Arizona increased during the year, 1946. The total income, including a legacy of $4,625, amounted to $18,433.85. Total expenditures were $13,929.39. Much repairing has been done on the buildings during the year, 1946, and the power plant has been put into perfect order. All expenses for maintaining the plant of Good Shepherd Mission as a field center were carried on the home expense account for the five summer months of 1946.

We feel that the purpose of this Home to help children in need has been maintained. There are many more such children whom this Mission could serve if all of the buildings were in order for year-round occupancy.

Respectfully submitted,

(The Reverend) DAVID W. CLARK, *Superintendent*

REPORT OF SECRETARY OF CONVOCATION

Your Secretary of Convocation would submit the following report for the year 1946 and leading up to the Convocation here assembled:

With the able and generous assistance of his colleague, the Rev. Walter Whichard, he has carried out the canonical and convocational directives.

Mr. Whichard has refused to accept any of the appropriation for his assistance. Thus there remains in the unexpended Assessment Budget for 1946 an amount exceeding $100. There are always needs for any balance in the treasury. Your Secretary begs to mention the necessity of office equipment in his office—a desk, an office table, chairs. These articles in use now in his office are the property of Trinity Cathedral and are needed in its offices. The Secretary's office is also the office of the Registrar and the Historiographer. The office is used by the District Y.P.F., and on Sundays it is thrown open for the use of a Cathedral Church School class.

Three hundred copies of the combined Journals of the 52nd and 53rd Annual Convocations were mimeographed and distributed. The mailing list includes on its permanent list the Secretaries of every Jurisdiction in the Church, the Theological Seminaries, the Church Colleges, the Clergy of the District, the National Council, the Church Pension Fund, with 60 copies for the District Woman's Auxiliary.

Your Secretary is in most hearty accord with the gentle, but positive uprising in favor of printing the Journal instead of continuing mimeographing. This latter method has been in vogue for the past ten years and not a single issue has been satisfactory. Its defects, while chiefly technical, are almost savagely exasperating. The cost of printing has been the only reason for issuing the Journal in mimeograph. A 75-page printed Journal would cost approximately $350, whereas the approximate cost of a 110-page mimeographed issue was $300.

In furtherance of the proposed plan for the Re-organization of Convocation your Secretary has spent many hours in conference with the Bishop (and he with the Chairman of the Re-organization Committee) in carrying out the details of the Plan which is being put into operation at this Convocation.

In the matter of checking the annual Parochial Reports and the tabulation thereof, your Secretary has had the thoroughgoing assistance of the Rev. M. T. Kelsey, whom he has now named as his colleague in the important issues for the ensuing year.

The Canons of General Convention demand that the Secretary read the following communications from the Secretary of the House of Deputies:

Amendments to the constitution proposed at the General Convention of 1946, and to be finally acted upon at the Convention of 1949.

Amendments to the Constitution, as set forth below, were proposed to the General Convention, and by resolve thereof, were directed to be sent to the Ecclesiastical Authority of every Diocese and Missionary District, and to the Secretary of the Convention of every Diocese, and of the Convocation of every Missionary District, to be made known to the Diocesan Convention or the Missionary District Convocation at its next meeting:

(1) Amend Article I of the Constitution as follows:

Amend the last sentence of paragraph 4 of Section 4 by striking out the word "other" and substituting in place thereof the words "all of the negative," and at the end of said sentence add a new sentence which shall read as follows: "Where the vote of a Diocese in either order is equally divided, one-half of such vote shall be recorded as cast in the affirmative and one-half in the negative."

(2) Amend Article II of the Constitution as follows:

(a) Add the following new Section:

"Section 7. It shall be lawful for the House of Bishops to elect a Suffragan Bishop who, under the direction of the Presiding Bishop, shall be in charge of the work of those chaplains in the Armed Forces of the United States who are ordained ministers of this Church. The Suffragan Bishop so elected shall be consecrated and hold office under such conditions and limitations other than those provided in this article as may be provided by Canons of the General Convention. He shall be eligible as Bishop or Bishop Coadjutor or Suffragan Bishop of a Diocese or he may be elected by the House of Bishops as a Missionary Bishop."

(b) Re-number the present Section 7 as Section 8.

The following resolution was likewise adopted by both Houses:

Resolved, The House of Bishops concurring, that all alterations in the Constitution proposed at this General Convention be sent by the Secretary of the House of Deputies to the Ecclesiasical Authority of every Diocese or Missionary District, and to the Secretary of the Convention of every Diocese, and of the Convocation of every Missionary District, to be made known to the Diocesan Convention or the Missionary District Convocation at its next meeting.

Respectfully submitted,

CHARLES A. DOWDELL, *Secretary of Convocation*

REPORT OF THE CHANCELLOR

I herewith submit my report as Chancellor to the Bishop and to Convocation. The Chancellor is adviser to many officers and Boards, and departments of the church, so that separate reports as to all of his activities are unnecessary since such matters are covered by reports of other officers and departments.

The affairs of the church insofar as property and trust funds are concerned are in excellent condition.

The new marriage canons have occasioned many conferences and considerable work.

A new canon will be proposed to convocation creating a Marital Relations Board.

The problems connected with the new canon adopted by the General Convention on marriage are many. This canon may be variously construed.

However, it appears that if the Bishop, who may act either with or without the advice of any Board, finds that a former marriage has been dissolved by civil court more than one year prior to an application of one of the divorced parties to be married by a minister of this church, and further finds that as to such former marriage there existed at any time during such former marriage any of the impediments set out in Canons XVI and XVII of the General Convention so as to permit the Bishop, either with or without advice to find that Christian marriage as recognized by this church never existed, or no longer exists, he may by judgment in writing made a part of the permanent record in the archives of the missionary district so declare and any person in whose favor a judgment has been granted so declaring may be married to another by a minister of this church.

It is apparent that this canon must be very carefully and thoughtfully and prayerfully construed and applied.

The Bishop has indicated that he desires the establishment of a Board or Court such as is provided for in the suggested canon, which seems to me also to be proper and advisable.

Respectfully,

CHAS. A. CARSON, *Chancellor*

REPORT OF THE REGISTRAR

Your Registrar begs to report that he has kept the Archives intact in the room designated for that purpose in Cathedral

House. Additions during the year have been Journals from various Jurisdictions of the Church; the Arizona Church Record; bound volumes of the Cathedral Bulletin; a photograph of the Rt. Rev. George Kelly Dunlop, Bishop of New Mexico and Arizona, 1880-1888; also a letter from the surviving daughter of Bishop Dunlop, Miss Margaret Dunlop, 1428 South Marengo Street, Alhambra, California.

Much filing in the Archives Room remains to be done and this your Registrar hopes to accomplish within the succeeding few weeks.

Respectfully submitted,

CHARLES A. DOWDELL, *Registrar*

REPORT OF THE HISTORIOGRAPHER

Your Historiographer begs to report that during the past year he has searched out several items of Arizona Church history in response to requests from the Bishop and others. Owing to the overwhelming emergencies which engulfed us in service for the Cathedral Parish, your Historiographer neglected his duties in this office. He did not follow up a hearty resolution adopted by the 52nd Convocation which called for the cooperation of every congregation in maintaining active interest and participation in Arizona Church History. Your officer in this field regrets to report that he has not received a single name of a committeeman appointed for the purpose of the resolution.

Credit is due the Rector of St. John's, Globe, for sending in a copy of a brief history of that parish prepared by Mr. Robert B. Reill, for many years active in that church.

Surely there are to be found in every congregation those who would welcome surcease from meals and money bags by way of the fascinating pursuit of delving into the past records as well as preserving items of present interest for the benefit and delectation of those who are to follow.

Respectfully submitted,

CHARLES A. DOWDELL, *Historiographer*

REPORT OF THE EXECUTIVE SECRETARY

At the close of the full year in my office as Executive Secretary, I beg to submit a report of the "highlights" of the activities of this office for the year 1946. To attempt a detailed report would become voluminous.

As Assistant Treasurer, the Executive Secretary has kept the books for the several financial accounts. He has reported monthly to each Treasurer in the District the status of Quota and Assessment payments. Incidentally, Arizona will eventually be credited with a total of $7,601.62 on its 1946 Quota of $7,400. The National Council has just issued a report of the National Quota for 1946, showing a total payment of 102 per cent of Expectation. We are above the average.

During the year this office has sent letters to each Parish and Mission suggesting increased fire insurance on physical property in order to bring coverage more nearly into line with replacement costs. To date this action has resulted in an increase of well over $100,000 in fire insurance coverage on property the title to which is held in the name of The Protestant Episcopal Church Corporation of Arizona.

We have handled automobile insurance for District cars under a Fleet Policy which also included the cars owned by many of the clergy as well as Institution owned cars.

Your Executive Secretary acted as business manager of the Episcopal Summer Conference in Prescott where, through increased rates, previous experience in the purchase of food and supplies, and through the most generous assistance of the Bishop's Secretary, and that of those in attendance, we were enabled to so operate as to have a balance sufficient to retire all of the remaining indebtedness of the Episcopal Summer Conferences to the Arizona Church Conference Center, and to leave an unincumbered cash balance in the bank of $114.24.

He has handled the receipts and disbursements of the Reconstruction and Advance Fund, and has reported same to the Rev. George Ferguson, Chairman of the Fund. Cash receipts for this Fund now amount to $22,894.30.

Upon invitation, he has attended meetings of the Protestant Episcopal Church Corporation of Arizona, in order to keep a more complete record of the acquisition of property, sale or other disposition of same, and a book record of assets and liabilities.

More recently it has been his privilege to meet with the Bishop daily, whenever the Bishop was in his office, to discuss financial and other business matters of the District.

May I here express my deep appreciation to Bishop Kinsolving, and to each of the clergy and treasurers and other officials, for the cooperation which they have given in aid to our efforts to make this office truly helpful and effective. It is my earnest wish and prayer that it may so become.

Respectfully submitted,

L. A. Kehr

REPORT OF THE SUMMER CONFERENCE COMMITTEE

The Summer Conference Committee begs to submit the following report:

1. A Curriculum Committee has been formed to set up a curriculum for the Summer Conferences in order that a continuity may be achieved in the courses offered. This Committee consists of three members, one of whom is a member of the Woman's Auxiliary. Suggestions are to be received by this Committee from all sources on matters pertaining to its work.

2. The Summer Conference for Young People in 1947 is scheduled for one week beginning June 16 and that for the Family for two weeks beginning June 23.

3. The Committee continues to recommend that the Young People's Conference be held during that period between the end of the Summer courses given at the High Schools and the opening of the Fall semester as soon as such time is released by the Arizona Church Conference Center.

4. The Committee approves of the $100 proposed in the District Budget for 1947 which is to apply towards the expenses of Conference leaders from outside the District.

5. The Committee recommends that its chairman serve for two years and that his successor be appointed in the second year to serve as his vice-chairman.

Respectfully submitted,

BANCROFT P. SMITH, *Chairman.*

REPORT OF THE COMMITTEE ON THE BISHOP'S ADDRESS

We, the Committee to review the Bishop's Address, present the following report:

Your thoughtful and reverent reference to the Bishops of our Church and to the Clergy of our District who have gone from strength to strength in the life of Perfect Service, reminded us once again of the continuity of the great Church of God, Militant, Expectant and Triumphant, and of our call to follow in the train of those who labored so well in so Great a Cause.

It was good to hear about our Indian Missions. The 50 years ministry of the Good Shepherd Mission is of particular concern to Convocation and it is encouraging to learn that our work is under such capable and consecrated leadership, and that the response of those ministered to is so very splendid and that the buildings are being gradually restored to good condition.

Most heartening also was your report from the Havasupai Canyon, telling of progress, valuable though seemingly slow; of 50 persons baptized, and 12 confirmed. Buildings needed for worship and for workers call us to a vision of our work and to the necessity of means to see that it is provided for and carried on.

Our Spanish Missions, in spite of one vacancy in leadership are developing steadily. Necessary repairs to buildings have been made, and playground equipment secured; particularly for Buen Samaritano Mission. There is need, we understand, for a Spanish speaking priest specially fitted for this field, and hope such may be secured.

We note that the Arizona Church Conference Center was used continuously during the holiday months. Our own Summer Conference Budget was balanced and our debts paid. Rental costs for 1947 have been raised but all available time has been taken up by numerous church groups for this season. Our own Church plans to hold both a Youth and a Family Conference.

With regard to the Arizona Health League we are happy to hear that St. Luke's in the Desert is regarded so highly as a healing institution and that at present all available rooms are filled and there is a waiting list. It is good to know that an Endowment Fund is in process of being raised, with a beginning now of $15,000.

St. Luke's, Phoenix, is benefitting by splendid leadership. Just now there are 55 patients and a splendid consecrated staff. We regret that the need is so great for tubercular care, and that the County of Maricopa can provide for less than 200 cases, when 800 patients are in such desperate need.

We appreciate your reference to the Episcopal Student Center at Tucson and are happy to learn that a residence is available for our students there. Our thanks are given to St. Philip's Church and the Rev. W. Whichard for their great interest and ministering and labor in this most important field. Your Convocation urges that we proceed as quickly as possible to meet the religious needs of our students to the fullest extent.

Financial Observations:

The practical fulfillment of our original pledge of $25,000 to the Reconstruction and Advance Fund is a matter concerning which we are most grateful. That most parishes and missions have expanded and advanced is encouraging. Acceptance, generally of Quotas and Assessments enables the Church in the District to move forward.

We hope that the Bishop's belief that all Missionary Clergy are receiving an increase of $400 is confirmed and encourage all missions to achieve this goal.

Our congratulations go out to St. Paul's, Yuma, and to the Epiphany, Flagstaff, being now self-supporting missions, and to St. Paul's, Winslow, on becoming a parish. Your very timely and thoughtful comments with reference to the congregation of Trinity Cathedral and to the Dean and his Assistant, are shared by your committee, and also by this Convocation.

That the Church School By Mail shall receive the full support of everyone in the District is our response to your appeal to reach the isolated children of our District.

We commend your discussion of the New Marriage Canon and urge that clergy and people alike give it their closest study. Particularly we urge emphasis on instructions for Christian Marriage and we endorse the statement that Christian Marriage is still a life-long union, and that any divorce is considered by this Church to be a Moral Calamity.

The Presiding Bishop: The Church is to be congratulated on the appointment of Rt. Rev. Henry Knox Sherill as Presiding Bishop. That the District raise approximately $4,000 annually for three years is commended to our people and we urge their enthusiastice support for this appeal, and a loyal backing of our new Presiding Bishop.

Laymen's Year: We endorse the emphasis the Bishop is placing on Laymen's year and urge a more active participation in the work of the Church, by its laymen, with particular emphasis on the Laymen's Committee functioning on a District-wide basis.

The Future: We agree that the long-looked-for goal of Diocesan independence is commendable, but as the Bishop states, this plan must of necessity be postponed. The work of the Kingdom is more important than the achievement of diocesan status, when the great demands nationally and the terrific challenge of unchurched Arizona cries out, like the Macedonian, "to come and help us."

All of which is respectfully submitted,

E. O. Gallagher, *Chairman*

A SUMMARY OF THE MINUTES OF THE ANNUAL MEETING OF THE WOMAN'S AUXILIARY IN THE MISSIONARY DISTRICT OF ARIZONA AT THE FIFTY-FOURTH ANNUAL CONVOCATION HELD IN PHOENIX, ARIZONA, FEBRUARY 12, 1947

According to Article 5 of the Constitution, The District Executive Board met prior to the annual meeting.

The Fifty-fourth Annual meeting of the Woman's Auxiliary of the Missionary District of Arizona convened at 9 a. m. on February 12, 1947, in Bishop Atwood House of Trinity Cathedral, Phoenix, with Mrs. Sam H. Morris, the president, presiding.

Mrs. E. C. Seaman gave the devotions. She used as her theme the one chosen for the General Convention, "Strength to Build."

Mrs. R. D. Richards, president of the Trinity Auxiliary-Guild welcomed the women and Mrs. Longley of Flagstaff gave the response.

The Minutes of the last annual meeting were read as corrected and approved.

Following committees were appointed:

Nominations: Mrs. C. E. Huntington, Mrs. David Clark and Mrs. Byron Lewis.

Resolutions: Mrs. David Jones, Mrs. George Wharton and Mrs. Bancroft Smith.

Credentials: Mrs. Ancil Martin, Mrs. Will C. Barnes and Mrs. Bert Cross.

Finance: Mrs. C. J. Alden, Mrs. John R. Newcomer, Mrs. C. H. Bealer and Mrs. J. L. E. Lauderdale.

The finance committee was asked to meet immediately after the morning session.

The President gave her report of the past year's activity which included District, Provincial and General Convention attendance. She told of the National Officers and their responsibilities on the Executive Board and also related her experiences at Provincial Synod when she was elected to the Executive Board of the Woman's Auxiliary.

Mrs. John R. Newcomer, vice-president, gave a short report.

In order to conserve time, the reports of the branches were given in one general report by Mrs. J. L. E. Lauderdale, who highlighted the most important accomplishments of the past year. The report covered the work of 2 branches.

Mrs. C. H. Bealer, Director of the Northern Region, reported in a general way of the difficulties of the work in her region because of the great distances.

Mrs. Francis T. Brown, Director of the Central Region, was present but due to her absence from the state for the past six months had no report.

Southern Region. Director absent.

Devotional Life: Mrs. Walter H. Dugan opened her report saying, "So much to do, so little done" and stated that there never was a time when so much valuable literature on spiritual life was so easily obtained. She closed her report by urging all to put their weight and strength into the World Day of Prayer, a fitting beginning of our Lenten season; so that with all our Christian brethren we might bring down the power of God to all earth's problems. They are mighty, but He is mightier.

Representative for Saint Margaret's House: Mrs. Isabelle R. Wotherspoon spoke informally of the work being done by this institution and urged the women to keep in mind that workers in this field of Christian Service are badly needed.

Chairman of Altar Work: Mrs. C. E. Huntington told of the various parishes and missions through the district that now have well equipped altars and well informed and reverent minded Altar Guilds. Many gifts of linen and brass have been received throughout the state. The altar used at the prison camp at Florence had been donated to that mission there.

Church School by Mail: Deaconess Ward reported the enrollment of 38 children and stated that the figures were not impressive, but the work and spiritual interest were. She gratefully acknowledged the help obtained from the youth of Trinity Cathedral and concluded by adding this had been an encouraging and heartening year.

University Center: Mrs. Huntington told of the closing of the Student Center and Cabot Chapel and of the plans that had been made for the work in the fall. The vestry of St. Philip's-in-the-Hills had rented a house from September to May and released the Rev. Mr. Whichard so that half of his time could be given

to the student work. She concluded by stating that "Before long we hope to have a permanent Chapel and Student Center and a full time chaplain."

The following chairmen were absent and their reports were read:

Supply Secretary: Mrs. I. A. Rosok reported $116.50 was given by fifteen branches to be used for a mission in Mississippi.

U. T. O. Custodian: Mrs. J. W. Schultheis reported $4,784.94 as this year's gatherings. Nearly every branch takes part in this offering.

Education Secretary: Mrs. John O'Hair reported that books on the mission study were available for inspection at Conference. She asked that samples of printed programs used by the various auxiliaries for Lenten study be sent to her, and also asked for suggestions for serving the branches in a better capacity.

Representative for Youth: Mrs. Arden Staples reported the efficient manner in which our youth are taking charge of their own affairs. They have adopted as one of their projects the Church School by Mail which they will assist financially and physically.

Work Among the Blind: Mrs. Frederick W. Rivers reported that $29 had been contributed to the Baxter Memorial Fund. The Braille edition of "In His Presence" had been completed. Gradually interest in the sightless is increasing.

Rural Work: Mrs. Garnet Byers reported the difficulties in obtaining the names of people and organizations in the out-lying areas and asked co-operation of all present.

Church Periodical Club: Due to the resignation of Miss Louise Freeland, the chairman, the President conducted a discussion as to the advisibility of continuing this chairmanship in the district. Deaconess Adams of Tucson, recently arrived from Chicago, spoke and pointed out the many advantages of a Church Periodical Club other than just receiving church magazines. A motion was made and carried that we continue to have this chairmanship.

Miss Benita Ramrez, home teacher for the blind in the city of Phoenix, told of her work and the many problems of the sightless and their families. She pleaded for support of the bill in the present legislature that would provide more home teachers.

Deaconess Marion Brown spoke and urged the women to assist in interesting more girls to become willing to take as their career the work of the church.

Bishop Kinsolving then came in for noonday prayers. Afterwards he gave greeting to the Auxiliary.

The delegates to General Convention, Mrs. Joseph Gregori, Mrs. Byron Lewis, Mrs. Wharton and Miss Ella Davis, reported interesting highlights of the Philadelphia meeting.

Morning session adjourned.

AFTERNOON SESSION

Woman's Auxiliary convened at 1:45 p. m. Opening prayer was offered by Mrs. Huntington.

The report of the Nominating Committee was as follows:

Treasurer.....Mrs. William Hudson
Christian Social Relations.....Mrs. Ethel Swisher
United Thank Offering Custodian.....Mrs. Chas. C. Rhodes
Rural Work.....Mrs. Garnet Byers
Corresponding Secretary.....Mrs. E. O. Gallager

The motion was made,seconded and carried that the report of the nominating committee be accepted as submitted by the committee and the secretary cast the ballot.

Treasurer's report was given and attention called to the necessary increase of the budget. Report was recommended to the auditor. It was announced that the Anne Cady Scholarship Fund amounted to $282.95. This did not include the interest for the year 1946. It was decided to let the Finance Committee decide the manner in which the increase in the budget that was accepted be met.

Mrs. David Jones, Chairman of the Resolution Committee, submitted the Resolutions as followed:

1. "Whereas, the percentage of blind persons in Arizona is very great, and

Whereas, there is great need for funds to carry on Extended Work for the Blind in this State, and

Whereas, there is now included in the Social Security Budget Bill now pending in the 18th State Legislature, an item for the Extended Work for the Blind;

Now, therefore, Be It Resolved by the Woman's Auxiliary of the Missionary District of Arizona of the Protestant Episcopal Church in session assembled this 12th day of February, 1947, pursuing our heretofore intense interest in the work among the blind, that we go on record as favoring the passage of this item in said Appropriation Bill.

And Be It Further Resolved that copies of this resolution be transmitted to the President of the Senate and to the Speaker of the House of the 18th State Legislature."

2. "Whereas, Mrs. William Todt who served as our District Woman's Auxiliary President from 1929 to 1932 was called to her reward last summer, and whereas her interest and inspiration in the educational program of the Auxiliary will always be a light to our future:

Be it resolved that we pay tribute to her memory and a copy of these resolutions be sent to her family."

3. "Be is resolved: That our assembly express its gratitude to Mrs. Ada McCormick for her generous loan of house and property used as Cabot Chapel where our Episcopal work for students in Tucson had its beginning. From her vision and spiritual strength, may we continue and increase the work she stimulated."

4. "Be it resolved: That we request from Synod a portion of the Baxter Memorial Fund to be allotted for the needs of the Blind in Arizona to be used to supply hourly pay for readers for blind students; also, to supply such materials as must be bought for teaching of the blind in their homes."

5. Be it resolved that all those who have been active in contributing to the work and fellowship in service to Christ for this meeting, be recognized for their Christian action which they have so gladly offered, especially the host parish and our officers."

It was moved and seconded that the report be accepted.

Mrs. Ancil Martin, Chairman of the Credential Committee gave the following report:

Officers present 23, delegates 42 and visitors 23. Total 88.

Mrs. J. T. Wallis, Mrs. Newcomer and Mrs. Lauderdale were appointed by the chair to read and correct the minutes of this annual meeting.

The highlight of the afternoon session was the report of the president, Mrs. Morris, representative from the 8th Province to the National Executive Board. She reported upon the three meetings, i.e., the first, the organization meeting at the time of the Triennial in Philadelphia, the December meeting just before Christmas and the February meeting from which she returned to Phoenix by plane in order to be present at this annual meeting.

Meeting adjourned to attend the joint session in the cathedral and later tea at the Bishop's House.
